We are starting to get more active in these types of conferences Jack. It's a good opportunity for networking and also keeps us informed.

I generally do not attend NADDI Conferences - plenty of our Corporate Security and other colleagues do attend, however.

Do many wholesalers go?

Thank you sir. Will you be attending the NADDI conference in Vegas in April?

I'll see what I can do. They attorney in charge of that is undergoing a comprehensive analysis of all data reported to GC against sales rep data, etc.

I'll see if she has a list of doctors "on the radar" in your large territory, and we'll go from there.

Jack

Thanks Jack. Do you have a current list of customers reported to GC in the West? I'd like to review them against our higher threshold customers in their areas. I cover Montana to El Paso, TX and all points west. Thanks.

Prescribing data for the last two years

Privileged and Confidential

Hello Tom:

None of the prescribers on your list have been reported to our Office of General Counsel and, therefore, are not on our radar. I am attaching the prescribing histories for all of the four prescribers.

Please let me know by phone if you have any follow-up questions.

Two of the prescribers, [REDACTED] and [REDACTED] have no call reports for more than 5 years, which I understand to mean that they don't prescribe our products very much - and therefore the field reps no longer visit them.

The other two prescribers, [REDACTED] and [REDACTED], have current call notes.

Best regards,

Jack
